For Immediate Release

RegDOX Solutions Inc. Sponsors U.S. Export Controls with Reform Changes ITAR Seminar

Nashua, NH – May 25, 2016 – RegDOX Solutions Inc., the only provider of an ITAR-compliant solution for enterprise-wide storage, management and collaboration on confidential documents and files, is sponsoring the Export Compliance Training Institute’s U.S. Export Controls with Reform Changes 2016 ITAR Seminar. Jeffrey Dahlgard, who will be attending the event, had this to say:

“RegDOX is looking forward to attending this ITAR seminar to explain how its cloud-based document, file storage and management solution can ease the burden of ITAR compliance while dually enhancing collaboration. While certain ITAR-related classifications have lessened, they still require constant vigilance to ensure adherence to the ITAR regulations, as well as related EAR (Export Administration Regulations) and DFARS (Defense Federal Acquisition Regulations Supplements) regulations the RegDOX platform further complies with.”

WHAT: The conference will provide comprehensive training on regulation compliance with the US Department of State, Commerce & Treasury for export compliance professionals. Specific ITAR (International Traffic in Arms Regulations) definitions and regulations will be the focus of the event, as well as how export control reform changes have changed the technological environment of defense-related items.

WHEN: The seminar will take place June 8-9, 2016.

WHERE: It is being held in the DC area in Alexandria, VA at the Embassy Suites.

About RegDOX Solutions Inc.

Operating since 2007, RegDOX Solutions Inc. is a market-leading provider of highly intuitive SaaS solutions enabling customers to securely manage and collaborate on confidential documents and information, whether inside or outside of their IT environments. RegDOX® offers compliancy options for the transference and storage of ITAR, DFARS, EAR, HIPAA, and Corporate technical data within the cloud through highly intuitive, feature-rich virtual data room solutions.
