For Immediate Release

RegDOX Solutions Inc. Sponsors American Association of Exporters and Importers 95th Annual Conference and Exposition

Nashua, NH – May 23, 2016 – RegDOX Solutions Inc., the only provider of an ITAR-compliant solution for enterprise-wide storage, management and collaboration on confidential documents and files containing Export Controlled Materials, today announced that it will be sponsoring the American Association of Exporters and Importers (AAEI) 95th Annual Conference and Exposition. CEO William L. O'Brien had this to say about RegDOX attending the event:

“While the easing of certain ITAR-related classifications is certainly providing welcomed flexibility for exporters, both those regulations and the EARs still require continued attention and vigilance in handling Export Controlled Materials (“ECM”). RegDOX looks forward to attending this conference to explain how its cloud-based document and file storage and management solution can ease the burden of compliance with ECM regulations while enhancing collaboration.”

WHAT: The AAEI Conference features panels, discussions, and events on importing and exporting, the current state of significant trade pacts and the latest developments between the United States and the global trade atmosphere. AAEI and its members themselves are recognized as technical experts in trade compliance, trade operations, and trade logistics.

WHEN: The AAEI Annual Conference takes place June 5-7.

WHERE: The event is being held just outside of Washington, DC in Arlington, Virginia at the Crystal Gateway Marriott Hotel.

About RegDOX Solutions Inc.

Operating since 2007, RegDOX Solutions Inc. is a market-leading provider of highly intuitive SaaS solutions enabling customers to securely manage and collaborate on confidential documents and information, whether inside or outside of their IT environments.
